

Early Childhood Mental Health Consultation Position Opportunities

The [Center for the Advanced Study of Teaching and Learning \(CASTL\)](#) in the [School of Education and Human Development](#) at the University of Virginia seeks applicants for multiple full and part-time **Early Childhood Mental Health Consultant positions** to join our highly collaborative, diverse team. These positions will work on the [Early Childhood Mental Health Consultation \(ECMHC\) pilot](#) in its third year (2023-2024). This work involves the refinement of an expanded birth-to-five mental health consultation model, in partnership with the Virginia Department of Education (VDOE) and Child Development Resources (CDR). Our ECMHC model aims to support Virginia teachers to promote young children's social-emotional skills and prevent expulsion of children from early care and education settings.

CASTL Early Childhood Mental Health Consultant - Harrisonburg/Winchester (full-time)

This full-time consultant role will provide ongoing consultation services to teachers serving 3-5-year-olds, as well as to families and program leaders. As part of a team, this consultant will also have primary responsibility for one or more of the following: 1) training and supporting fellow consultants and coaches, 2) developing materials and resources that support consultation, and 3) overseeing administration of the consultation model to promote service access, uptake, effectiveness, and efficiency. **This position will include in-person and virtual work.** In your cover letter, include your current location in/around Harrisonburg or Winchester or your willingness to relocate to those areas.
