

PD Essentials

preparing Virginia's early childhood professional development providers

PD Essentials prepares Virginia's professional development providers to support those serving all children from birth to age five in home, school, and community settings. We support training and technical assistance providers through our:

- ♦ train-the-trainer series, *Essentials for Early Childhood Professional Development Providers*.
- ♦ website, www.vcpd.net, that includes a resource library, information of interest to professional development providers, and upcoming opportunities.
- ♦ online newsletter, *Pointers for PD Providers*. Sign up: <https://lp.constantcontactpages.com/su/kiqhj5c/signup>
- ♦ quarterly meetings sharing information, resources, and training techniques.

Essentials Training

Our train-the-trainer curriculum addresses the needs of trainers who have content knowledge but who desire to build their skills in the design and delivery of engaging and effective in-person and virtual training.
